DOCKET NO. 2021-353-T ORDER NO. 2022-67

MARCH 4, 2022

IN RE:	Application of South Carolina Tariff)	ORDER GRANTING
	Bureau, Incorporated to Amend South)	REPLACEMENT OF TARIFF
	Carolina Tariff No. 7 (Tariff No. 8)	NO. 7 WITH TARIFF NO. 8
	Cancels Tariff No. 7))	

I. INTRODUCTION

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of the South Carolina Tariff Bureau (“SCTB”) for the approval of an amendment to its Motor Freight Tariff No. 7 – to replace it with Tariff No. 8, which represents an increase of 17%. The Office of Regulatory Staff has performed an Impact Study of the proposed changes.

II. DISCUSSION

The SCTB has not made a change to its Motor Freight Tariff since 2018. Due to escalating costs since that time, SCTB now seeks to implement its Motor Freight Tariff No. 8, which represents an overall increase of 17%. The precise increases in the proposed tariff are demonstrated in Exhibit A, filed by the Office of Regulatory Staff and attached to this Order as Order Exhibit 1.

The Office of Regulatory Staff performed an Impact Study and stated the following:

A. ORS reviewed the proposed tariff and bill of lading and found that they are in compliance with the Commission regulations.

B. Exhibit A (Order Exhibit 1) provides a calculation of the percentage increase/decrease in the proposed tariff.

C. Between December 2021 and January 2022, ORS conducted compliance reviews of five Tariff Bureau members and found the companies to be in compliance with Commission rules and regulations.

D. ORS has not received any consumer complaints related to a Tariff Bureau member in the past 12 months.

E. Tariff Bureau members are in compliance with Annual Report and Gross Receipt filing requirements

After conducting its Impact Study, the Office of Regulatory Staff does not object to the proposed tariff changes sought by SCTB.

III. FINDINGS OF FACT

1. The Commission finds that the cost increases experienced by the household goods moving industry are readily observable and demonstrated by the assertions made in the filings of the SCTB.

2. The proposed increases and amendments to Tariff 7 are reasonable in light of recent cost increases, which is proposed as Tariff 8 and attached as Order Exhibit No.

1.

IV. CONCLUSIONS OF LAW

1. The proposed Tariff No. 8 satisfies all legal standards for approval and is in the public interest.

V. ORDERING PROVISIONS

IT IS THEREFORE ORDERED:

1. The request of the South Carolina Tariff Bureau to replace Tariff No. 7 with Tariff No. 8 is granted and Tariff No. 8 is attached as Order Exhibit No. 1.
2. This Order shall remain in full force and effect until further order of the Commission.

When the consignor elects not to accept any of the terms of such bill of lading, he must give notice to the initial carrier of such election. The initial carrier must indicate the receipt of such notice by writing or stamping thereon a clause signed by the carrier reading: "In consideration of the higher rate charges, the property herein described will be carried and the services to be rendered hereunder will be performed, with the carrier's liability limited only as provided by law; but subject to the terms and conditions of this Bill of Lading insofar as they are not inconsistent with such common carrier's liability.

 - c. All charges of the third persons must be paid by the shipper, and are in addition to all other charges in this tariff. Such charges will be advanced by the carrier, and billed as an advanced charge.

Rule 29 IMPRACTICAL PICK-UP OR DELIVERY AND AUXILIARY SERVICES

- a. It is the responsibility of the shipper to make shipment accessible to carrier or accept delivery from carrier at a point at which the road haul vehicle may be safely operated.
- b. When it is physically impossible for carrier to perform pick-up of shipment at origin address or to complete delivery of shipment at destination address with normally assigned road haul equipment, due to the structure of the building, its inaccessibility by highway, inadequate or unsafe public or private road, overhead obstructions, narrow gates, sharp turns, trees, shrubbery, the deterioration of roadway due to rain, flood, snow, or nature of an article or articles included in the shipment, the carrier shall hold itself available at point of pick-up or tender delivery at destination at the nearest point of approach to the desired location where the road haul equipment can be made safely accessible.

Upon request of the shipper, consignee or owner of the goods, the carrier will use or engage smaller equipment than its normal road haul equipment or provide extra labor for the purpose, if possible of accomplishment, or transferring the shipment between the residence and the nearest point of approach by the carrier's road haul equipment. Charges for this auxiliary service to cover labor and additional vehicle (if used) will be as provided in Item 130, 135 and 155 and shall be in addition to all other transportation or accessorial charges.

- d. If the shipper does not accept the shipment at nearest point of safe approach by carrier's road haul equipment to the destination address, the carrier may place the shipment, or any part thereof, not reasonably possible for delivery, in storage at the nearest available warehouse of the warehouse of the carrier, or, at the option of the carrier, in a public warehouse, subject to a lien for all lawful charges. The liability on the part of the carrier will cease when the shipment shall be considered as having been delivered.
- e. Transportation charges to cover the movement of shipment or part thereof from point which it was originally tendered to warehouse location shall be computed on basis of weight of shipment of that part of shipment stored in warehouse, subject to applicable rate as provided in tariff from point at which it was originally tendered. All accrued charges on the shipment or any part thereof shall be due and payable upon delivery of same, to the warehouse. Any subsequent movement from warehouse shall constitute a new shipment.

Rule 30 **HOISTING OR LOWERING**

Hoisting or lowering service will be performed only at points where carrier possesses necessary equipment and experienced personnel to perform such service. Otherwise, upon request of shipper, consignee, or owner will endeavor to arrange for qualified service, if available, at the expense of the shipper, consignee or owner of the goods. In such instances, the carrier will not be responsible for damage to shipment or property.

Rule 31 **RIGGING SERVICE**

When, because of the size or nature of the lading, it is necessary to utilize the services of a rigger, such service must be provided by the shipper, consignee or owner of the goods. If requested by shipper, consignee or owner, carrier will, as agent for them and at their expense, arrange for such rigging service, if available, but carrier assumes no responsibility for the activities or conduct of third persons, amount of their charges nor the quality or quantity of service furnished.

Rule 32 **COMMODITY DESCRIPTION**

The classification of property to which rates, rules and regulations apply to that class of property designated by the Interstate Commerce Commission in Ex Parte No. MC-19 as a commodity under the following description:

1. ***HOUSEHOLD GOODS.*** *This group includes personal effects and property used or to be used in a dwelling and similar property if the transportation of such effects or property is:*
 - a) *Arranged and paid for by the householder including transportation of property from a factory, or store when the property is purchased by the householder with intent to use in his or her dwelling, or*
 - b) *Arranged and paid for by another party."*

All property transported under the commodity description as set forth above shall be subject to the minimum weights, rates, and charges, as set forth in this tariff, or as amended.

Rule 33 **LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE**
(Made from Press board, particle board, engineered wood or ready to assemble)

- a) Ready to assemble furniture is defined as meaning furniture manufactured from pressboard, particle board, engineered wood or similar materials which is shipped from the manufacturer in the knocked down "KD" or knocked down flat "KDF" condition to be assembled by the retail store, reseller or end user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.
- b) When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the 'Notice' below, in no case shall the liability of the carrier exceed \$0.50 (fifty cents) per pound per article or \$60.00 (Sixty dollars) per article, whichever is greater.
- c) Prior to the movement of a shipment of household goods/office furniture, the carrier shall give the shipper a notice containing the language outlined below and receive back the original signed copy.

NOTICE

**LIMITATION OF LIABILITY ON
PRESSBOARD, PARTICLE BOARD and/or
ENGINEERED WOOD FURNITURE**

Furniture manufactured from pressboard, particleboard and/or engineered wood is designed to go into a box from the manufacturer to the retailer and then to the end user unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.

Option 1 – I/we choose to disassemble all pressboard, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage to the pressboard, particleboard and/or engineered wood furniture, which may occur during the disassembly of the furniture.

Option 2 – I/we have engaged the services of another individual or company to disassemble all pressboard, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage, which may occur to the pressboard, particleboard and/or engineered wood furniture during the disassembly of the unit(s).

Option 3 - I/we am/are tendering furniture constructed of pressboard, particleboard and/or engineered wood furniture fully assembled as part of our move. I/we understand that any claim for damage to the pressboard, particle board and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled pressboard, particle board and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner or consignee must select option 1, 2 or 3.

ITEM 190

FUEL COST PRICE ADJUSTMENT (SURCHARGE)

The fuel surcharge to be charged on shipments 30 miles or less will be a flat **\$35.00** per truck per day.

The following percentage Fuel-Related Cost Price Adjustment (Surcharge) will apply on line-haul transportation charges on shipments that are 31 miles or more and transportation charges on shipments picked up and delivered into storage-in-transit, as described below:

1. On the first Monday of each calendar month, the South Carolina average price per gallon of diesel fuel will be determined.
2. If the first Monday of the month is a federal holiday, the price will be determined based on the price available on the next subsequent business day (Tuesday).
3. The fuel price obtained will then be indexed based on the fuel price/adjustment factor matrix set forth in this item to determine the Fuel Cost Price Adjustment that will become applicable on the fifteenth (15th) day of the month. The adjustment determined will apply for shipments loaded beginning on the 15th of the month and remain in effect through the 14th day of the subsequent following month starting from the effective date of this item.

For example, if the reported price of self-service diesel fuel determined on Monday, June 5, 2000 is \$2.334 per gallon, a two (2.0%) percent Fuel Cost Price Adjustment will apply for shipments loaded as of June 15, 2000 through July 14, 2000. Then, if the reported price of diesel fuel on Monday, July 3, 2000 increases to \$2.479 per gallon, a three (3%) percent Fuel Cost Price Adjustment will apply for shipments loaded as of July 15, 2000 through August 14, 2000.

4. To determine the Fuel Cost Adjustment amount to apply, multiply the applicable line-haul transportation charges as determined in accordance with Item 300 or applicable transportation rate schedule, and the applicable pickup and delivery transportation charges on the Storage-In-Transit shipments as determined in accordance with Rule 16-4 of this tariff, by the percentage Fuel Cost Adjustment Factor. The resulting charge is in addition to all other applicable transportation charges.

For example, if the applicable line-haul transportation charge is \$1,080.00 a two (2.0%) percent Fuel Cost Adjustment Factor would be \$21.60.
